EQUITY PAY CHARGE INFORMATION

Fern's Diner is committed to increasing the pay for kitchen (non-tipped) employees while not overcharging for items on its menu. To do this, we are trying out a 5% Equity Pay Charge added to all bills. We are happy to remove this charge absolutely no problem, just ask. We are trying to be sensitive to our customers by not increasing menu prices as sharply. We are trying to be sensitive to our kitchen employees who are dealing with soaring prices in their cost of living. And in the end, we are trying to navigate this new day and age of higher than usual rising costs while keeping our prices as low as possible to provide the best possible value.
